PROFESSIONAL WORK

Founder and President, Greenleaf Integrative Strategies LLC; Washington, D.C.
3/2008 to present

Lead a firm that develops and delivers empirically-sound East-West strategies that reduce vicarious trauma and bolster resilience so that people in emotionally traumatic work can respond with the focus, energy, and balance they need to make their greatest contributions. Clients include health care organizations, community-service workers, journalists, law enforcement and emergency responders. See www.greenleaf-is.com.

Private Practice, part-time
5/2010 to present

Co-lead a general psychotherapy group for building awareness on interpersonal style and affective regulation.

Consultant for Psychosocial Trauma and Public Health, Freelance; Washington, D.C.
4/2008 to 12/2009

Conduct needs assessments from three perspectives: public health, mental health and organizational development. Prescribe targeted interventions from a suite/menu of interventions. Develop psychosocial resiliency processes for organizations. Implement programs and deliver experiential trainings.

Medical Staff and Group Leader, Center for Integrative Medicine; Washington, D.C.
7/2006 to 3/2008

Managed a private practice. Developed new treatment strategies for patients with psychosomatic conditions and trauma histories. See www.integrativemedicinedc.com.

Founder and Executive Director, Psychosocial Assistance Without Borders
9/2001 to 11/2007

Led an organization dedicated to domestic and international training of relief workers. Managed team members from diverse nations and background. Innovated training modules to build capacity for psychosocial first aid to victims of complex emergencies. Promoted worker self-care methods. Integrated Western treatments with locally available treatments.

Private Practice; NY, NY

7/2003 to 5/2006

Implemented an integrative health model that utilized traditional psychotherapies, behavioral medicine, medical hypnosis, meditation training, yoga and other Eastern health systems. Provided consultation to psychiatrists with patients desiring complementary treatments. Provided consultation to primary care and medical specialties for patients with strong psychosomatic elements or inadequate responses to standard therapies. Conditions included pain, depression, psychological trauma and other serious illnesses. Psychotherapy specialty in treating burnout or vicarious traumatization in caregivers, non-profit agency staff and humanitarian workers.

Program Director of Preventive Medicine and Attending Physician in Family Medicine, Wyckoff Heights Medical Center (Teaching Hospital, Medical College of Cornell University); Brooklyn, NY

6/2004 to 3/2006

Managed and guided Preventive Medicine resident physicians, medical students, and graduate students. Conducted and updated course in Behavioral Medicine for Family Practice physicians and medical students. Coordinated wellness services for Employee Health. Represented medical center as volunteer lead for Gulf Coast Hurricane, Indian Ocean Tsunami rehabilitation, and Pakistan Earthquake.

Mind/Body Medicine Practitioner, Olive Leaf Wholeness Center; NY, NY

4/2005 to 9/2005

On a Red Cross grant, provided psychotherapy, mind-body treatments and advanced relaxation techniques to treatment-resistant conditions traced to September 11th WTC attacks. Developed recovery programs for uniformed services and first-responders.

Psychosocial Consultant and Medication Management, Olive Leaf Wholeness Center; NY, NY

1/2004 to 6/2005

Consultant to Consumer Information and Dispute Resolution, Inc., delivering Integrative Services (psychotherapy, pharmacotherapy, complementary treatments) to address the concerns of those living with severe and persistent mental illness. Most clients suffered from chemical dependency and homelessness.

Resident in Preventive and Behavioral Medicine, Mount Sinai School of Medicine; NY, NY

7/2001 to 6/2003

Clinician, teacher, program designer, and public health specialist. Conducted several workshops and classes. Provided conceptual and technical assistance to Federal Emergency Management Agency's Project Liberty and the Department of Health and Mental Hygiene.

Internship in Psychiatry, Menninger Clinic; Topeka, KS

7/2000 to 6/2001

Clinical treatment and administrative duties in the following: Post-Traumatic Stress Disorder Treatment Unit, Substance Abuse Treatment Unit, Family Practice, Internal

Medicine, Geriatric Psychiatry, Emergency Psychiatry, Child Psychiatry, Individual Psychotherapy, Group Psychotherapy and Medical Hypnosis.
